BAYROL CONTROLLERS

REFERENCE	DESCRIPTION	PACK SIZE	CASE QTY*	DISCOUNT CODE	PRICE
3016050013	Analyt 2 PM5 - (Free Chlorine, Temp & pH. Internet Enabled, Touchscreen) Board mounted potentiostatic controller with inline strainer, clear flow cell, sampling point potentiostatic measuring cell, pH sensor and temperature sensor. 4 x auxiliary switched outputs. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, calibration buffer solutions.	Each	1	UG	
3016050014	Analyt 3 PM5 - (Free Chlorine, Redox, pH, Temp, Internet Enabled, Touchscreen) Board mounted potentiostatic controller with inline strainer, clear flow cell, sampling point potentiostatic measuring cell, pH sensor, redox and temperature sensor. 4 x auxiliary switched outputs. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, calibration buffer solutions.	Each	1	UG	
3016050008	Compact PM4 - (Free Chlorine, pH, and Temperature. Touchscreen) Board mounted amperometric controller with inline strainer, clear flow cell, sampling point amperometric measuring cell, pH sensor and temperature sensor. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, calibration buffer solutions.	Each	1	UG	
3016050012	PoolManager Pro - (Free Chlorine, pH & Temp. Integrated peristaltic pumps, Internet Enabled, Touchscreen) Board mounted potentiostatic controller with inline strainer, clear flow cell, sampling point potentiostatic measuring cell, pH sensor and temperature sensor. 4 x auxiliary switched outputs. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, integrated peristaltic dosing pumps, injectors, calibration buffer solutions and a pooltester.	Each	1	UG	
3016050009	PoolManager Chlorine - (Redox, pH & Temp. Integrated Peristaltic Pumps, Internet Enabled, Touchscreen) Board mounted redox controller for domestic use with inline strainer, clear flow cell, sampling point measuring cell, redox, pH sensor and temperature sensor. 4 x auxiliary switched outputs. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, integrated peristaltic dosing pumps, injectors, calibration buffer solutions and a pooltester.	Each	1	UG

BAYROL CONTROLLERS

REFERENCE	DESCRIPTION	PACK SIZE	CASE QTY*	DISCOUNT CODE	PRICE
3016050011	PoolManager Oxygen - (Bayrosoft, pH & Temp. Integrated Peristaltic pumps, Internet Enabled, Touchscreen). Board mounted controller for domestic use with inline strainer, clear flow cell,sampling point measuring cell, pH sensor and temperature sensor. 4 x auxiliary switched outputs. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, integrated peristaltic dosing pumps, injectors, calibration buffer solutions and a pooltester	Each	1	UG	
3016050010	PoolManager Bromine - (Redox, pH & Temp. Integrated Peristaltic Pump, Solenoid valve, Internet Enabled, Touchscreen). Board mounted redox controller for domestic use with inline strainer, clear flow cell,sampling point measuring cell, redox,pH sensor and temperature sensor. 4 x auxiliary switched outputs. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, integrated peristaltic dosing pump, injector, solenoid valve, calibration buffer solutions and a pooltester.	Each	1	UG	
3016050164FL	Pool Relax Chlorine - (Redox, pH & Temp. Integrated Peristaltic pumps) Board mounted redox controller for domestic use with inline strainer, clear flow cell,sampling point measuring cell, redox, pH sensor and temperature sensor. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, integrated peristaltic dosing pumps, calibration buffer solutions and a pooltester.	Each	1	UG	
3016050168FL	Pool Relax Oxygen - (Bayrosoft, pH & Temp. Integrated Peristaltic Pumps) Board mounted controller for domestic use with inline strainer, clear flow cell,sampling point measuring cell, pH sensor and temperature sensor. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, integrated peristaltic dosing pumps, calibration buffer solutions and a pooltester.	Each	1	UG	
3016050165FL	Pool Relax Bromine - (Redox, pH & Temp. Integrated Peristaltic Pump & Solenoid Valve) Board mounted redox controller for domestic use with inline strainer, clear flow cell,sampling point measuring cell, redox,pH sensor and temperature sensor. Kit also comes with 10 metres of 10mm x 8mm sample line tubing & tappings plus, integrated peristaltic dosing pump, injector, solenoid valve, calibration buffer solutions and a pooltester.	Each	1	UG

WDT CALCIUM HYPOCHLORITE FEEDERS

REFERENCE	DESCRIPTION	PACK SIZE	CASE QTY*	DISCOUNT CODE	PRICE
3016050020	ChloryDos S4 - (15kg hopper)	Each	1	UK	

"Dosing station for calcium hypochlorite granules for disinfection and acid dosing for pH-regulation. Treats swimming pools with a volume up to 1,100m³ (242,000Galls). Chemicals are dosed separately at intervals into the dissolving system from where the very low concentrated solution is conveyed by a venturi nozzle to the pool water negating the requirement for injection points and pre-mixed static tank solutions. Dosing controlled manually or linked to most auto-control systems with on/off output."

3016050021	ChloryDos Mini S4 - (5kg hopper)	Each	1	UK	
------------	----------------------------------	------	---	----	--

"Dosing station for calcium hypochlorite granules for disinfection and acid dosing for pH-regulation. Idea for smaller pools or spas with a volume up to 100m³ (22,000Galls). Chemicals are dosed separately at intervals into the dissolving system from where the very low concentrated solution is conveyed by a venturi nozzle to the pool water negating the requirement for injection points and pre-mixed static tank solutions. Dosing controlled manually or linked to most auto-control systems with on/off output."

3016050018	ChloryTab S4 - (25kg hopper)	Each	1	UK	
------------	------------------------------	------	---	----	--

"Dosing station for calcium hypochlorite tablets for disinfection and acid dosing for pH-regulation. Treats swimming pools with a volume up to 500m³ (110,000Galls). Chemicals are dosed separately at intervals into the dissolving system from where the very low concentrated solution is conveyed by a venturi nozzle to the pool water negating the requirement for injection points and pre-mixed static tank solutions. Dosing controlled manually or linked to most auto-control systems with on/off output."

3016050019	Hypotab S4 - (5kg hopper)	Each	1	UK	
------------	---------------------------	------	---	----	--

"Dosing station for calcium hypochlorite tablets for disinfection and acid dosing for pH-regulation. Treats swimming pools with a volume up to 300m³ (66,000Galls). Chemicals are dosed separately at intervals into the dissolving system from where the very low concentrated solution is conveyed by a venturi nozzle to the pool water negating the requirement for injection points and pre-mixed static tank solutions. Dosing controlled manually or linked to most auto-control systems with on/off output."

3016050015	Granudos 10 S4 - (5kg hopper)	Each	1	UK	
------------	-------------------------------	------	---	----	--

"Dosing station for calcium hypochlorite granules for disinfection and acid dosing for pH-regulation. Treats swimming pools with a volume up to 300m³ (66,000Galls). Chemicals are dosed separately at intervals into the dissolving system from where the very low concentrated solution is conveyed by a venturi nozzle to the pool water negating the requirement for injection points and pre-mixed static tank solutions. Dosing controlled manually or linked to most auto-control systems with on/off output."

3016050166	Granudos 15 S4 (15kg Hopper)	Each	1	UK	
------------	------------------------------	------	---	----	--

"Dosing station for calcium hypochlorite granules for disinfection and acid dosing for pH-regulation. Treats swimming pools with a volume up to 1,000m³ (220,000Galls). Chemicals are dosed separately at intervals into the dissolving system from where the very low concentrated solution is conveyed by a venturi nozzle to the pool water negating the requirement for injection points and pre-mixed static tank solutions. Dosing controlled manually or linked to most auto-control systems with on/off output."

3016050016	Granudos 45 S4 - 25kg hopper (Chloryte Ready)	Each	1	UK	
3016050017	Granudos 45 S4 - 40kg hopper (Chloryte Ready)	Each	1	UK	
3016050167	Granudos 45 S4 - 25kg hopper (HTH Ready)	Each	1	UK	
3016050163	Granudos 45 S4 - 40kg hopper (HTH Ready)	Each	1	UK	

"Dosing station for calcium hypochlorite granules for disinfection and acid dosing for pH-regulation. Treats swimming pools with a volume up to 1,500m³ (330,000Galls). Chemicals are dosed directly from the supply container separately at intervals into the dissolving system from where the very low concentrated solution is conveyed by a venturi nozzle to the pool water negating the requirement for injection points and pre-mixed static tank solutions. Dosing controlled manually or linked to most auto-control systems with on/off output."

*Delivery Case Quantity

POLLET POOL GROUP operate from 2 different warehouse and distribution centres. Hazardous Chemicals, including Bayrol water treatment products, Dosing & Control Equipment are stored and dispatched from Hacklings Warehouse and distribution centre based in the Cotswolds. Pool equipment such as filters, pumps, pipework, heat pumps and maintenance equipment are stored and distributed from the POLLET POOL GROUP head office in Newbury.

Trade Counter: Customers can also collect goods from the Newbury trade counter.

POLLET POOL GROUP strives to ensure that the methods deployed to despatch hazardous goods to customers, comply with the latest Carriage of Dangerous Goods Regulations. Importantly, POLLET POOL GROUP works closely with a third party Dangerous Goods Safety Advisor (DGSA), who advises of regulatory changes and communicates information on safe practices. The DGSA also conducts audits to ensure we, the consignors, adhere to appropriate transport regulations concerning packaging, palletising, administration and follow principles of responsible care in respect to contracting haulier services.

• Free Delivery Threshold

A mixed order of chemicals and pool equipment will be eligible for free delivery when the total order value exceeds £1000.00 excluding VAT. The order value of; either chemicals or pool equipment should meet a minimum value of £650.00 within the order. Please note that the consignment will be treated as 2 orders, delivered from each of the two distribution centres with 2 delivery notes and may not be delivered on the same day.

• Minimum Order Charge

Pollet Pool Group has a minimum order value of £100.00 for chemical orders and £35.00 for test tablets, all testing and safety equipment. If your order value is below our minimum order level then an additional administration charge of £29.50 will be applied. Orders for equipment spares are not subject to a minimum order charge.

• Chemical Orders

No carriage charge will be levied on chemical orders with a net value in excess of £650.00, excluding V.A.T., when goods are despatched via a standard 3 to 5 working day delivery service from the Hacklings warehouse. For chemical orders under £650.00 the following carriage charges will apply:

Weight	Standard Tariff	*Next Day Tariff
1kg up to 20kg	£25.00	£35.00
20kg up to 100kg	£45.00	£55.00
101kg up to 500kg	£68.00	£80.00

*Next Day orders must be received 1pm. Chemical deliveries can arrive up to 6.00pm. Goods ordered on Friday for next day delivery will be delivered on Monday unless a Saturday delivery is specifically requested. For Saturday deliveries please enquire for a separate carriage quote. Timed deliveries are available. Price upon request and may incur further charges.

Some timed deliveries available, please contact us for a quotation.

Please note the above does not apply for Scotland, Ireland or when a sea crossing is involved – for carriage charges for these areas please contact us for a quotation.

• Environmental Charge

Due to the increasing costs of environmental awareness, waste and conformity, we implement an Environmental Charge of £7.25 plus V.A.T. on all orders where chemicals are supplied.

• Automatic Dosing & Control Equipment including Spares

Carriage, which includes insurance, will be charged on all BAYROL equipment orders regardless of their value and even when the order is placed at the same time as a chemical order due to insurance implications.

Consignment	Standard Tariff
Package e.g. Floccos Plus & Equipment Spares	£13.95
½ pallet e.g. Single Controller (Analyt/Compact/PoolManager/Pool Relax)	£28.50
1 x pallet e.g. Single Controller & Granudos Feeder	£45.00
Up to 2 pallets	£70.00
Up to 3 pallets	£98.00

For Saturday deliveries please enquire for a separate carriage quote. Timed deliveries are available. Price upon request and may incur further charges. For larger consignments please enquire for carriage charge. Please note the above does not apply for Scotland, Ireland or when a sea crossing is involved – for carriage charges for these areas please contact us for a quotation.

• Pool Equipment items despatched from Newbury:

Orders received in our sales office for 'Heavy Items' by 12.00 noon and all other items by 2.00pm will normally be despatched the same day. No carriage charge will be levied on orders with a net value in excess of £650.00, excluding V.A.T., when goods are despatched via a standard 3 to 5 day delivery service.

Service	Weight	Tariff
24 hour service	Up to 20kg	£20.00 plus 38p per additional kilo
24 hour, am service		£25.00 plus 48p per additional kilo
Next day by 10.30am		£30.00 plus 56p per additional kilo
Next day by 9.00am		£35.00 plus 65p per additional kilo
Saturday pre-10am		Add £16.00 to 9am tariff

Please note the above does not apply for Scotland, Ireland or when a sea crossing is involved – for carriage charges for these areas please contact us for a quotation.

• **Heavy Items (palletised goods).** The rate depends upon the number of pallet spaces and the destination. For a quote please contact us with the relevant postcode and we will get the most competitive price available. 'Heavy Items' include Commercial filters, commercial pumps, coping stones, filter media, heat pumps, solar panels, in-ground pool kits and spas.

• **Postage and Packing**

Charges will be applied to all small carriage orders. Postage and packaging of items under 1kg are subject to a minimum charge of £7.50 plus V.A.T.

We Are Here to Help You

The team at POLLET POOL GROUP are keen to help you and to make your trading with us as straightforward as possible. Below are some key contact details:

Customer Services/Sales:

Tel: 01635 234038 • Fax: 01635 524584 - E: sales@polletpoolgroup.co.uk

Collecting Goods from POLLET POOL GROUP

If you would prefer to collect your order from the Hacklings chemical warehouse in Bourton-on-the Water then please allow 48-hours from placing your order before collecting your goods. The person collecting chemicals must be trained and certified to ADR standards and/or be a member of either SPATA or BISHTA and had ADR awareness training. A valid membership certificate and ADR awareness certificate must be presented on collection before the goods will be released. Limited BAYROL controller equipment can be ordered and collected on the same day from our trade counter at POLLET POOL GROUP head office in Newbury. All Pool Equipment ordered from the Newbury warehouse can be collected from the Trade Counter (8.30am to 5.00pm). Please be aware that POLLET POOL GROUP cannot be held responsible for goods collected once they have left the premises.

Collection of Empty Plastic Containers

As a service to our customers, POLLET POOL GROUP are able to collect and dispose of the following empty, cleaned and purged plastic containers **that were originally supplied by POLLET POOL GROUP:**

Chloryte 25 / 40 / 45kg, Hydrochloric Acid 25ltr, Sulphuric Acid 25ltr, Sodium Hypochlorite 10 / 20 / 25ltr, FLOCPAC 20ltr

A collection charge of £2.40 per container is applicable. Minimum collection of 12 containers applies.

This service is offered only when placing an order for chemicals.

Please note that the collection of empties may not occur at the same time as making a delivery.

If a collection has to be made without placing a chemical order, an additional collection charge of £47.50 per pallet will be applied (1 – 26 container per pallet).

IMPORTANT NOTE: We can only offer this service if the plastic containers to be collected are empty, cleaned and purged – when the containers are collected you will be requested to sign paperwork stating that the containers are empty, cleaned and purged.

Please notify customer services at the time of ordering the following information:

1. Name of product containers to be collected.
2. Number of each type of container to be collected (Min 12).
3. Total number of containers to be collected.

Disposal of Empty Containers

All customers should be aware that they have a duty of care under The Environmental Protection Act of 1990 to ensure that the disposal of hazardous waste is carried out responsibly. This includes the disposal of empty contaminated chemical containers.

Other Hazardous Waste

POLLET POOL GROUP are not licenced to collect and dispose of hazardous waste. Please contact your local authority who should be able to advise of local licenced companies who can provide this service.

Prices and V.A.T.

• Prices listed are listed are subject to VAT and alteration without prior notice.

Payment

- In the case of payment other than by cash, payment should not be deemed to have been made until the proceeds have been collected by the seller's bank.
- POLLET POOL GROUP will be entitled to charge a minimum handling fee of £20.00 plus V.A.T. in all cases where payment by the buyer has not been honoured upon presentation of the cheque or other means of payment by the buyer.
- When POLLET POOL GROUP has agreed to grant credit, payment must be made by the end of month following month of invoice, unless otherwise agreed in writing and signed by a Director or Manager of POLLET POOL GROUP.
- Payment is due at the offices of POLLET POOL GROUP free of all charges.
- Payment by credit card will incur a 2% card handling surcharge.
- If any payments are overdue, an interest on the sum concerned will be payable at 6% over the Bank of England base rate for the time being in force

Goods Return Procedure

We want to give you the best possible service, whether this is initial supply, replacement under warranty or exchange of incorrect items, therefore in order for all returns to be processed as quickly as possible please follow the below procedure when returning any item.

- 1) Contact the Sales Office on 01635 234 038 to obtain a Goods Return Number and a Goods Return Note
- 2) Complete the issued Goods Return Note with all the requested information and send a copy of this completed form back to the Sales Office
- 3) Ensure that the goods being returned are securely packed and a copy of the completed Goods Return Note is attached
- 4) Perishable items such as Adhesive, Glues, Chemicals, Fragrances, Test Tablets, Test Strips, Test Kits and one off special orders cannot be returned.

• We reserve the right to charge a re-stocking charge for any item returned due to being ordered incorrectly or that is surplus to requirements. The re-stocking charge will depend upon the item, its condition and the state of the packaging. Any item deemed to be unfit for re-sale will be charged in full.

• We will process the returns as quickly as possible and we will keep you informed on the progress of your return at all times

PLEASE NOTE:

ANY ITEM RETURNED WITHOUT PRIOR NOTIFICATION WILL NOT BE DEALT WITH UNTIL THE RELEVANT PAPERWORK HAS BEEN COMPLETED.

FROM THE SOUTH:

Follow the A34 (Newbury Bypass) North, turn off at Junction signposted Speen, head towards Newbury. You will come to a roundabout with Waitrose on your right, go straight over & then follow the marked route shown on the map below.

- 1 In these conditions the "company" means Kennet Water Components Ltd, and 'the Customer' means any person(s) or Company buying Goods from the Company. 'Goods' means any equipment, installation services or other chattels, whether or not intended to become affixed to reality, sold under the Contract. The "Contract" means the Contract for the sale and purchase of the Goods. The "Conditions" mean the standard terms and conditions incorporated by the Company.
- 2 Unless expressly agreed otherwise in writing, any Contract for the sale or supply of Goods by the Company shall be subject to these Conditions, to the exclusion of the terms and conditions of the customer. No employee or agent of the Company has authority to vary or waive any of these Conditions, except a Director doing so in writing.
- 3 The Customer shall not be entitled to rely for any purpose on any representation made by the Company or any of its servants or agents to the Customer or any of his servants or agents otherwise than as expressly referred to in the contractual document(s) unless he shall prior to the conclusion of the Contract have notified the Company in writing that he intends to rely thereon in entering the Contract and the Company confirms its acceptance.
- 4 No tender, quotation or other offer by the Company shall remain open for acceptance beyond a period of thirty days from the despatch or other communication thereof to the Customer.
- 5
 - a The Customer shall inspect the Goods upon delivery. Any defective material, incorrect or short delivery must be notified to the Company by the Customer within seven (7) days of delivery otherwise the Company will accept no responsibility. In cases of non-delivery any claims must be received by the Company within twenty (20) days of the Customer having been notified of despatch.
 - b In the event of any fault appearing in the 'Goods' within a year of delivery, the Company shall (if the said fault has been immediately notified to it by the Customer and the 'Goods' are (as the Company may direct) returned to it or made available for collection or inspection in situ) examine the same and in its opinion any faults found are due to any fault of its own design or manufacture or other workmanship it shall replace or (at its option) repair the same free of charge and shall refund to the Customer any cost of carriage incurred by him returning them. If it finds no faults for which it is responsible as aforesaid the cost of such carriage or collection or inspection and of any work shall be chargeable to the Customer. In the case of 'Contracts for the supply of goods outside the UK' such costs of carriage or collection or inspection shall in any event be borne by the Customer. In the case of faulty 'Goods' or parts not manufactured by the Company, the Customer shall be entitled, as far as possible, to the benefit of any guarantees given by the manufacturers; the Company will on request notify the Customer of the terms of any such guarantees.
 - c Subject as expressly provided in these conditions, and except where the Goods are sold to a person dealing as a consumer (within the meaning of the Unfair Contract Terms Act 1977) all warranties, conditions or other terms by statute or common law are excluded to the fullest permitted by the law. The Customer is advised to insure accordingly.
- 6
 - a Unless otherwise expressly agreed in writing delivery shall be ex the Company's works.
 - b Unless the Company expressly agrees a fixed delivery date in writing all delivery dates quoted or agreed are estimates only and shall not be binding on the Company. Time of delivery shall not be of the essence.
- 7 The Company shall not be liable for any breach of any obligation to the Customer under the "Contract" where the same is wholly or mainly due to circumstances outside the reasonable control of the Company.
- 8
 - a The Company accepts liability under the Contract for death or personal injury resulting from its negligence.
 - b The Company accepts liability for loss of or damage to the tangible property of the customer up to a limit of the lesser of £100,000 or to the value of the Goods supplied under the Contract. The Customer is advised to insure accordingly.
 - c Except as stated above, the Company shall not be liable to the Customer by reason of any representation or any implied condition or warranty or any duty at common law or under the express terms of the Contract for any indirect or consequential loss or damage (whether for loss of profit or otherwise) costs, or expenses (whether caused by the negligence of the Company, its employees, agents or otherwise) which arise out of or in connection with the supply of the Goods or their use or re-sale by the Customer.
- 9
 - a Risk shall pass to the Customer (which, in the case of delivery by carrier other than the Company's own transport shall be deemed to be effected by the posting of the Goods or their delivery to the carrier, as the case may be).
 - b I The Goods shall remain the sole and absolute property of the Company as legal and equitable owner until such time as the Customer shall have paid the Company all sums due under the Contract together with all sums due under any other Contract with the Company.
 - II The Customer acknowledges that he is in possession of the Goods solely as bailee and in a fiduciary capacity for the Company until such time as the property in them passes.
 - III Until such a time as the Customer becomes the owner of the goods, he will store them on his premises separately from his own Goods or those of any other person and in a manner which makes them readily identifiable as the Goods of the Company. The Company may require the Customer to return at any time before the passing of the title. If the Customer fails to return the Goods, the Company shall be entitled to enter any vehicle or premises where the Goods are (or are believed to be) and repossess the same.
 - IV The Customer's right possession of the Goods shall cease upon the happening of any of the events specified in Condition 13 whether or not the Company terminates the Contract.
 - V Subject to the terms hereof, the Customer is licensed by the Company to process the Goods in such fashion as he may wish and/or incorporate them in or with any other product or products subject to the express condition that the new product or products or any other chattel whatsoever containing any part of the Goods shall be separately stored and marked so as to be identifiable as being made from or with Goods the property of the Company.
 - VI If Goods, the property of the Company are admixed with Goods the property of the Customer or are processed with or incorporated therein, the product thereof shall become and/or shall be deemed to be the sole and exclusive property of the Company. If the property of the Company is incorporated therein, the product thereof shall be separately stored and marked so as to be owned in common with that other person.
 - VII Subject to the terms hereof the Customer may sell on the Company's Goods or any product produced from or with the Company's Goods subject to the express condition that such sale shall be subject to an effective retention of title clause and to the Customer paying the entire proceeds of such sale into a separate account, to be held in trust for the company and not mingled with other monies or paid into any overdrawn bank account, so that the proceeds shall at all times be identifiable as the Companies monies.
 - VIII If the Customer does not receive the proceeds of such sale, he will if called upon to do so by the Company, within seven days thereof assign to the Company all rights against the person or persons to whom he has supplied the Goods or any product or chattel made from or with the Company's Goods.
- 10
 - a 'Account Customer' is one designated as such by the Company.
 - b Account customers will be invoiced when the Goods are delivered and payment will be due at the end of the month following the month date of the invoice. Non-account customers must make payment for Goods (in cleared funds) on or before collection or delivery.
 - c If the Customer fails to make any payment on the due date then, without prejudice to its rights or remedies, the Company may cancel the Contract or suspend deliveries under it, appropriate any payments made by the Customer in such manner as the Company thinks fit and charge the Customer interest (before and after Judgement) on the amount unpaid at 3% over the base rate of Lloyds Bank plc, from time to time applicable.
- 11 Where between the date of the tender, quotation or other offer by the Company and the date of delivery the price to the Company of any of the Goods sold under the Contract or of any part or component thereof or any material used in the manufacture thereof is increased, the Company shall be entitled to increase the Contractual price of such Goods by no more than the amount of such increase. If the resulting increase is greater than 10% of the total price of the Goods in question the Company shall give the Customer notice of the increase in writing and the Customer shall be entitled by counter-notice, given within seven days of such to cancel the Contract in respect of such goods without liability.
- 12
 - a This clause applies if - (i) The Customer makes any voluntary arrangements with its creditors or becomes subject to an administration order or (being an individual or firm) becomes bankrupt or (being a Company) goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction to a solvent Company); or (ii) an encumbrance takes possession or a receiver is appointed, of any of the property or assets of the Customer, or (iii) the Customer ceases or threatens to cease to carry on business; or (iv) the Company reasonably apprehends that any of the events mentioned above is about to occur in relation to the Customer and notifies the customer accordingly.
 - b If this clause applies then, without prejudice to any other right or remedy available to it, the Company shall be entitled to cancel the Contract or suspend any further delivery under the Contract without any liability to the customer, and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.
- 13 No order which has been accepted by the company may be cancelled by the Customer. However, the Company may, in its discretion, accept cancellation if the Customer indemnifies the Company in full against all loss (including loss of profit), costs (including labour and materials used), damages, charges and expenses (including any due to its own suppliers) incurred by the Company as a result of cancellation and pays a handling charge of 10% of the price of the Goods.
- 14 It is the Customer's responsibility to see that the Goods comply with any local regulations or bye-laws.
- 15 Notice is hereby given to the Customer that the instructions for use, cautionary notices and other technical notices and information are supplied to the Customer with the Goods.
- 16 Any variation agreed between the Parties as to the Goods to be sold must be in writing and shall be deemed to be an amendment to the Contract and shall not constitute a new Contract.
- 17 English law is the proper law of the Contract and all disputes arising in connection with it are subject to the jurisdiction of the English Courts.
- 18
 - a If any provision of these Conditions is held by a competent authority to be invalid or unenforceable in whole or part it shall be deemed deleted, but the validity of the remainder of that provision and all other provisions shall not be affected.
 - b No waiver by the Company of any breach of this Contract by the Customer shall be considered as a waiver of any subsequent breach of the same or any other provision.
- 19 We will make a search with a credit reference agency, which will keep a record of that search and will share that information with other businesses. We may also make enquiries about the principal directors with a credit reference agency.
